## Safety Data Sheet

according to Regulation (EC) No. 1907/2006 (REACH) with its amendment Regulation (EC) No. 453/2010 Date of issue:17/06/2003 Revision date:1/02/2016Supersedes:4/08/2015 Version: 3.1

SECTION 1: Identification of the su	bstance/mixture and of the company/undertaking
1.1. Product identifier	
Product form	: Mixture
Product name	: WOLF AGRIFLOW CHAIN SAW
Product code	: 29081
Product group	: Blend
1.2. Relevant identified uses of the sub	ostance or mixture and uses advised against
	Stance of mixture and uses advised against
1.2.1. Relevant identified uses Main use category	: Industrial use, Professional use, Consumer use
0,	: Non-dispersive use
Industrial/Professional use spec	Used in closed systems
Function or use category	: Lubricants and additives
1.2.2. Uses advised against	
No additional information available	
1.3. Details of the supplier of the safety	v data sheet
WOLF OIL CORPORATION N.V.	
Georges Gilliotstraat, 52	
2620 Hemiksem - België	
T 0032 (0)3 870 00 00 - F 0032 (0)3 870 00 99 info@wolfoil.com	
1.4. Emergency telephone number	
Emergency number	: 0032 (0)70 245 245
- /

SECTION 2: Hazards identification 2.1. Classification of the substance or Classification according to Regulation (EC)	
SECTION 2: Hazards identification 2.1. Classification of the substance or Classification according to Regulation (EC)	
<b>SECTION 2: Hazards identification</b> 2.1. Classification of the substance or Classification according to Regulation (EC) Not classified	No. 1272/2008 [CLP]
SECTION 2: Hazards identification         2.1.       Classification of the substance or         Classification according to Regulation (EC)         Not classified         2.2.       Label elements	No. 1272/2008 [CLP]
SECTION 2: Hazards identification         2.1.       Classification of the substance or         Classification according to Regulation (EC)         Not classified         2.2.       Label elements         Labelling according to Regulation (EC) No.	No. 1272/2008 [CLP] 1272/2008 [CLP]
SECTION 2: Hazards identification         2.1.       Classification of the substance or         Classification according to Regulation (EC)         Not classified         2.2.       Label elements         Labelling according to Regulation (EC) No.         Child-resistant fastening	No. 1272/2008 [CLP] 1272/2008 [CLP] : No
SECTION 2: Hazards identification         2.1.       Classification of the substance or         Classification according to Regulation (EC)         Not classified         2.2.       Label elements         Labelling according to Regulation (EC) No.         Child-resistant fastening	No. 1272/2008 [CLP] 1272/2008 [CLP] : No
SECTION 2: Hazards identification         2.1.       Classification of the substance or         Classification according to Regulation (EC)         Not classified         2.2.       Label elements         Labelling according to Regulation (EC) No.         Child-resistant fastening         Tactile warning	No. 1272/2008 [CLP] 1272/2008 [CLP] : No
SECTION 2: Hazards identification         2.1.       Classification of the substance or         Classification according to Regulation (EC)         Not classified         2.2.       Label elements         Labelling according to Regulation (EC) No.         Child-resistant fastening         Tactile warning         2.3.       Other hazards         No additional information available	No. 1272/2008 [CLP] 1272/2008 [CLP] : No : No
SECTION 2: Hazards identification         2.1. Classification of the substance or         Classification according to Regulation (EC)         Not classified         2.2. Label elements         Labelling according to Regulation (EC) No.         Child-resistant fastening         Tactile warning         2.3. Other hazards         No additional information available         SECTION 3: Composition/information	No. 1272/2008 [CLP] 1272/2008 [CLP] : No : No
SECTION 2: Hazards identification         2.1. Classification of the substance or         Classification according to Regulation (EC)         Not classified         2.2. Label elements         Labelling according to Regulation (EC) No.         Child-resistant fastening         Tactile warning         2.3. Other hazards         No additional information available         SECTION 3: Composition/information         3.1. Substance	No. 1272/2008 [CLP] 1272/2008 [CLP] : No : No
SECTION 2: Hazards identification         2.1. Classification of the substance or         Classification according to Regulation (EC)         Not classified         2.2. Label elements         Labelling according to Regulation (EC) No.         Child-resistant fastening         Tactile warning         2.3. Other hazards         No additional information available         SECTION 3: Composition/informati         3.1. Substance         Not applicable	No. 1272/2008 [CLP] 1272/2008 [CLP] : No : No
SECTION 2: Hazards identification         2.1. Classification of the substance or         Classification according to Regulation (EC)         Not classified         2.2. Label elements         Labelling according to Regulation (EC) No.         Child-resistant fastening         Tactile warning         2.3. Other hazards         No additional information available         SECTION 3: Composition/information         3.1. Substance	No. 1272/2008 [CLP] 1272/2008 [CLP] : No : No
SECTION 2: Hazards identification         2.1. Classification of the substance or         Classification according to Regulation (EC)         Not classified         2.2. Label elements         Labelling according to Regulation (EC) No.         Child-resistant fastening         Tactile warning         2.3. Other hazards         No additional information available         SECTION 3: Composition/information         3.1. Substance         Not applicable         3.2. Mixture	No. 1272/2008 [CLP] 1272/2008 [CLP] : No : No
SECTION 2: Hazards identification         2.1. Classification of the substance or         Classification according to Regulation (EC)         Not classified         2.2. Label elements         Labelling according to Regulation (EC) No.         Child-resistant fastening         Tactile warning         2.3. Other hazards         No additional information available         SECTION 3: Composition/information         3.1. Substance         Not applicable         3.2. Mixture	No. 1272/2008 [CLP] : No : No on on ingredients

4.1. Description of first aid measures	
First-aid measures after inhalation	: Not expected to require first aid measures.
First-aid measures after skin contact	: Wash skin with mild soap and water.
First-aid measures after eye contact	: In case of eye contact, immediately rinse with clean water for 10-15 minutes.
First-aid measures after ingestion	: Do not induce vomiting. Rinse mouth. Get immediate medical advice/attention.

## Safety Data Sheet

according to Regulation (EC) No. 1907/2006 (REACH) with its amendment Regulation (EC) No. 453/2010

4.2. Most important symptoms and effects, both acute and delayed         Symptoms/injuries after inhalation       : Not expected to present a significant inhalation hazard under anticipated conditions of m         Symptoms/injuries after eye contact       : Not expected to present a significant eye contact hazard under anticipated conditions of m         Symptoms/injuries after eye contact       : Not expected to present a significant ingestion hazard under anticipated conditions of m         Symptoms/injuries after eye contact       : Not expected to present a significant ingestion hazard under anticipated conditions use.         Symptoms/injuries after eye contact       : Not expected to present a significant ingestion hazard under anticipated conditions use.         A.3. Indication of any immediate medical attention and special treatment needed       Not additional information available         Section 3: Firefighting measures       Site of the symptom
Symptoms/injuries after inhalation       : Not expected to present a significant inhalation hazard under anticipated conditions of most symptoms/injuries after skin contact         Symptoms/injuries after skin contact       : Not expected to present a significant skin hazard under anticipated conditions of most symptoms/injuries after ingestion         Symptoms/injuries after skin contact       : Not expected to present a significant ingestion hazard under anticipated conditions use.         4.3.       Indication of any immediate medical attention and special treatment needed         Not expected to present a significant ingestion hazard under anticipated conditions use.         5.1.       Extinguishing media         Symptoms/injuries after ingestion       : Water fog. Foam. Powder. Dry chemical product.         Unsuitable extinguishing media       : Water fog. Foam. Powder. Dry chemical product.         Unsuitable extinguishing media       : Water fog. Foam. Powder. Dry chemical product.         Unsuitable extinguishing media       : Water fog. Foam. Powder. Dry chemical product.         Unsuitable extinguishing media       : Water fog. Foam. Powder. Dry chemical product.         Stational information available       : Do not use a heavy water stream.         Stational information available       : Do not use a heavy water stream.         Stational information available       : Stercise caution when fighting any chemical fire.         Friedighting instructions       : Exercise caution when fighting
Symptoms/injuries after skin contact       : Not expected to present a significant skin hazard under anticipated conditions of mo         Symptoms/injuries after seve contact       : Not expected to present a significant seve contact hazard under anticipated conditions use.         Symptoms/injuries after ingestion       : Not expected to present a significant ingestion hazard under anticipated conditions use.         4.3       Indication of any immediate medical attention and special treatment needed         No additional information available       Section 5: Firefighting measures         5.1       Extinguishing media       : Water fog. Foam. Powder. Dry chemical product.         Unsuitable extinguishing media       : Water fog. Foam. Powder. Dry chemical product.         Unsuitable extinguishing media       : Water fog. Foam. Powder. Dry chemical product.         Unsuitable extinguishing media       : Use water spray or fog for cooling exposed containers.         Freedutional information available       : Secriso caution when fighting any chemical fire.         Firefighting instructions       : Use water spray or fog for cooling exposed containers.         Protective equipment       : Wear suitable protective clothing and gloves.         6.1.1       For non-emergency personnel         Protective equipment       : Wear suitable protective clothing and gloves.         6.2       Environmental procautions         Protective equipment       : Impound
Symptoms/injuries after eye contact       : Not expected to present a significant eye contact hazard under anticipated condition use.         Symptoms/injuries after ingestion       : Not expected to present a significant ingestion hazard under anticipated conditions use.         4.3       Indication of any immediate medical attention and special treatment needed         No additional information available       SECTION 5: Firefighting measures         5.1       Extinguishing media       : Water fog. Foam. Powder. Dry chemical product.         Unsuitable extinguishing media       : Do not use a heavy water stream.         5.3       Advice for firefighters       Precautional information available         5.3       Advice for firefighters       Precautionary measures fire       : Exercise caution when fighting any chemical fire.         Firefighting instructions       : Use water spray or fog for cooling exposed containers.       Protection during firefighting         5.1       Personal precautions, protective equipment and emergency procedures       Entities         6.1.       For non-emergency personnel       Prevent entity to sewers and public waters. Notify authorities if product ners sewers or public waters.         6.2       Environmental precautions       : Wear suitable protective clothing and gloves.         6.3.       Methods and material for containment and cleaning up         For containment       : Impound and recover large spill by mixing it w
use.       Symptoms/injuries after ingestion       : Not expected to present a significant ingestion hazard under anticipated conditions use.         4.3.       Indication of any immediate medical attention and special treatment needed         No additional information available         SECTION 5: Firefighting media       : Water fog. Foam. Powder. Dry chemical product.         Unsuitable extinguishing media       : Do not use a heavy water stream.         5.2.       Special hazards arising from the substance or mixture         No additional information available       Exercise caution when fighting any chemical fire.         Firefighting instructions       : Exercise caution when fighting any chemical fire.         Firefighting instructions       : Use water spray or fog for cooling exposed containers.         Protection during firefighting       : Do not enter fire area without proper protective equipment, including respiratory protective equipment         Stational precautions, protective equipment and emergency procedures       6.1.         6.1.       For one-mergency personnel         Protective equipment       : Wear suitable protective clothing and gloves.         6.2.       Environmental precautions.         Prevent entry to severs and public waters. Notify authonties if product enters severs or public waters.         6.3.       Methods and material for containment and clearing up         For containment       : Impound and
Symptoms/injuries after ingestion       : Not expected to present a significant ingestion hazard under anticipated conditions use.         4.3.       Indication of any immediate medical attention and special treatment needed         No additional information available         SECTION 5: Firefighting measures         5.1.       Extinguishing media         Suitable extinguishing media       : Do not use a heavy water stream.         5.2.       Special hazards arising from the substance or mixture         No additional information available       Precautions measures fire         5.3.       Advice for firefighters         Precautionary measures fire       : Exercise caution when fighting any chemical fire.         Firefighting instructions       : Use water spray or fog for cooling exposed containers.         Protection during firefighters       : Secrcise caution when fighting and gloves.         6.1.1.       For one-mergency personnel         Protective equipment       : Use water spray or fog for cooling exposed containers.         Firefighting instructions       : Wear suitable protective clothing and gloves.         6.1.1.       For one-mergency represone         Protective equipment       : Wear suitable protective clothing and gloves.         6.2.       For one-mergency responders         Protective equipment       : Impound and recover large spill by mixing it with i
4.3.       Indication of any immediate medical attention and special treatment needed         No additional information available         SECTION 5: Firefighting measures         Suitable extinguishing media         Suitable medicatemediation         Suitable extinguishing media         Suitable for firefighters         Preceationary measures fire         Externion extinguishing instructions         Suitable protective equipment
No additional information available         SECTION 5: Firefighting measures         5.1.       Extinguishing media         Suitable extinguishing media       : Water fog. Foam. Powder. Dry chemical product.         Unsuitable extinguishing media       : Do not use a heavy water stream.         5.2.       Special hazards arising from the substance or mixture         No additional information available
No additional information available         SECTION 5: Firefighting measures         5.1.       Extinguishing media         Suitable extinguishing media       : Water fog. Foam. Powder. Dry chemical product.         Unsuitable extinguishing media       : Do not use a heavy water stream.         5.2.       Special hazards arising from the substance or mixture         No additional information available       Exercise caution when fighting any chemical fire.         Precautionary measures fire       : Exercise caution when fighting any chemical fire.         Precautionary measures fire       : Do not enter fire area without proper protective equipment, including respiratory prosective equipment, including respiratory prosective equipment, including respiratory prosective equipment         SECTION 6: Accidental release measures       Exercise caution and gloves.         6.1.1.       For non-emergency personnel         Protective equipment       : Wear suitable protective clothing and gloves.         6.2.       Environmental precautions         Protective equipment       : Wear suitable protective clothing and gloves.         6.3.       Methods and material for containment and cleaning up         For containment       : Impound and recover large spill by mixing it with inert granular solids.         Methods for cleaning up       : Detergent. Take up liquid spill into absorbent material sand, saw dust, kieselguhr.         <
5.1.       Extinguishing media       : Water fog. Foam. Powder. Dry chemical product.         Unsuitable extinguishing media       : Do not use a heavy water stream.         5.2.       Special hazards arising from the substance or mixture         No additional information available         5.3.       Advice for firefighters         Precatulonary measures fire       : Exercise caution when fighting any chemical fire.         Firefighting instructions       : Use water spray or fog for cooling exposed containers.         Protection during firefighting       : Do not enter fire area without proper protective equipment, including respiratory prosective equipment, including respiratory prosective equipment in cluding respiratory prosective equipment, including respiratory prosective equipment         6.1.       For one-mergency personnel         Protective equipment       : Wear suitable protective clothing and gloves.         6.1.2.       For emergency responders         Protective equipment       : Wear suitable protective clothing and gloves.         6.1.3.       Methods and material for containment and cleaning up         Prevent entry to sewers and public waters. Notify authorities if product enters sewers or public waters.         6.3.       Methods and material for containment and cleaning up         For containment       : Impound and recover large spill by mixing it with inert granular solids.         Methods for cleaning up
5.1.       Extinguishing media       : Water fog. Foam. Powder. Dry chemical product.         Unsuitable extinguishing media       : Do not use a heavy water stream.         5.2.       Special hazards arising from the substance or mixture         No additional information available       Exercise caution when fighting any chemical fire.         5.3.       Advice for firefighters         Precautionary measures fire       : Exercise caution when fighting any chemical fire.         Firefighting instructions       : Use water spray or fog for cooling exposed containers.         Protection during firefighting       : Do not enter fire area without proper protective equipment, including respiratory proper protective equipment, including respiratory proper protective equipment, including respiratory proper protective equipment in clusters.         6.1.       For non-emergency personnel         Protection equipment       : Wear suitable protective clothing and gloves.         6.1.1.       For emergency responders         Protective equipment       : Wear suitable protective clothing and gloves.         6.1.2.       For emergency responders         Prevent entry to sewers and public waters. Notify authorities if product enters sewers or public waters.         6.3.       Methods and material for containment and cleaning up         For containment       : Impound and recover large spill by mixing it with inert granular solids.         Methods
Suitable extinguishing media       : Water fog. Foam. Powder. Dry chemical product.         Unsuitable extinguishing media       : Do not use a heavy water stream.         5.2.       Special hazards arising from the substance or mixture         No additional information available         5.3.       Advice for firefighters         Precautionary measures fire       : Exercise caution when fighting any chemical fire.         Firefighting instructions       : Use water spray or fog for cooling exposed containers.         Protection during firefighters       : Do not enter fire area without proper protective equipment, including respiratory protective equipment, including respiratory protective equipment         SECTION 6: Accidental release measures       6.1.         6.1.       For one-mergency personnel         Protective equipment       : Wear suitable protective clothing and gloves.         6.1.2.       For emergency responders         Protective equipment       : Wear suitable protective clothing and gloves.         6.2.       Environmental precautions         Protective equipment       : Impound and recover large spill by mixing it with inert granular solids.         Methods and material for containment and cleaning up       : Other information         For containment       : Impound and recover large spill by mixing it with inert granular solids.         Methods for cleaning up       : Detergen
Unsuitable extinguishing media       : Do not use a heavy water stream.         5.2.       Special hazards arising from the substance or mixture         No additional information available         5.3.       Advice for firefighters         Precautionary measures fire       : Exercise caution when fighting any chemical fire.         Firefighting instructions       : Use water spray or fog for cooling exposed containers.         Protection during firefighting       : Do not enter fire area without proper protective equipment, including respiratory prosective equipment, including respiratory prosective equipment         SECTION 6: Accidental release measures       6.1.         6.1.       Personal precautions, protective equipment and emergency procedures         6.1.1.       For one-emergency personnel         Protective equipment       : Wear suitable protective clothing and gloves.         6.2.       Environmental precautions         Prevent entry to severs and public waters. Notify authorities if product enters severs or public waters.         6.3.       Methods and material for containment and cleaning up         For containment       : Impound and recover large spill by mixing it with inert granular solids.         Methods for cleaning up       : Spill area may be slippery. Use suitable disposal containers.         6.4.       Reference to other sections         No additional information available
5.2.       Special hazards arising from the substance or mixture         No additional information available         5.3.       Advice for firefighters         Precautionary measures fire       : Exercise caution when fighting any chemical fire.         Firefighting instructions       : Use water spray or fog for cooling exposed containers.         Protection during firefighting       : Do not enter fire area without proper protective equipment, including respiratory prosective equipment, including respiratory prosective equipment         SECTION 6: Accidental release measures       6.1.         6.1.       For non-emergency personnel         Protective equipment       : Wear suitable protective clothing and gloves.         6.1.2. ## Safety Data Sheet

according to Regulation (EC) No. 1907/2006 (REACH) with its amendment Regulation (EC) No. 453/2010

- Hand protection
- Skin and body protection
- Respiratory protection

- : Permeation time: minimum >480min long term exposure; material / thickness [mm]: >0,35 mm. Nitrile rubber (NBR) /
- : No special clothing/skin protection equipment is recommended under normal conditions of use
- : No special respiratory protection equipment is recommended under normal conditions of use with adequate ventilation.

<b>SECTION 9: Physical and chemical</b>	properties
9.1. Information on basic physical and	chemical properties
Physical state	: Liquid
Appearance	: Oily liquid.
Colour	: brown.
Odour	: Characteristic.
Odour threshold	: No data available
рН	: No data available
Relative evaporation rate (butylacetate=1)	: No data available
Melting point	: No data available
Freezing point	: No data available
Boiling point	: No data available
Flash point	: > 200 °C @ ASTM D92
Auto-ignition temperature	: No data available
Decomposition temperature	: No data available
Flammability (solid, gas)	: No data available
Vapour pressure	: No data available
Relative vapour density at 20 °C	: No data available
Relative density	: No data available
Density	: 892 kg/m³ @15°C
Solubility	: Slightly soluble, the product remains on the water surface.
Log Pow	: No data available
Viscosity, kinematic	: 172 mm²/s @ 40°C
Viscosity, dynamic	: No data available
Explosive properties	: No data available
Oxidising properties	: No data available
Explosive limits	: No data available
9.2. Other information	
No additional information available	
SECTION 10: Stability and reactivity	/

SECTION 10.	
10.1. Reactiv	/ity
None under norm	al conditions.
10.2. Chemi	cal stability
Stable under norr	nal conditions.
10.3. Possib	ility of hazardous reactions
None under norm	al conditions.
10.4. Condit	ions to avoid
No data available	
10.5. Incomp	patible materials
Strong oxidizers.	acids. Bases.
10.6. Hazard	ous decomposition products
None under norm	al conditions.

## Safety Data Sheet

according to Regulation (EC) No. 1907/2006 (REACH) with its amendment Regulation (EC) No. 453/2010

according to Regulation (EC) No. 1907/2006 (REACH) With	
SECTION 11: Toxicological information	on
11.1. Information on toxicological effects	
Acute toxicity	: Not classified
Skin corrosion/irritation	: Not classified
Serious eye damage/irritation	: Not classified
Respiratory or skin sensitisation	: Not classified
Germ cell mutagenicity	: Not classified
Carcinogenicity	: Not classified
Reproductive toxicity	: Not classified
Specific target organ toxicity (single exposure)	: Not classified
Specific target organ toxicity (repeated exposure)	: Not classified
Aspiration hazard	: Not classified
WOLF AGRIFLOW CHAIN SAW	
Viscosity, kinematic	172 mm²/s @ 40°C
SECTION 12: Ecological information	
12.1. Toxicity	
No additional information available	
12.2. Persistence and degradability	
WOLF AGRIFLOW CHAIN SAW	
Persistence and degradability	Not soluble in water, so only minimally biodegradable.
12.3. Bioaccumulative potential	
No additional information available	
12.4. Mobility in soil No additional information available	
12.5. Results of PBT and vPvB assessmen No additional information available	t
12.6. Other adverse effects	
No additional information available	
<b>SECTION 13: Disposal considerations</b>	5
13.1. Waste treatment methods	
Additional information	: Dispose in a safe manner in accordance with local/national regulations.
SECTION 14: Transport information	
In accordance with ADR / RID / IMDG / IATA / AD	N
14.1. UN number	
Not regulated for transport	
14.2. UN proper shipping name	
	: Not applicable
Proper Shipping Name (IMDG)	: Not applicable
Proper Shipping Name (IATA)	: Not applicable
Proper Shipping Name (ADN)	: Not applicable
Proper Shipping Name (RID)	: Not applicable
14.3. Transport hazard class(es)	
ADR	
Transport hazard class(es) (ADR)	: Not applicable
IMDG

## Safety Data Sheet

according to Regulation (EC) No. 1907/2006 (REACH) with its amendment Regulation (EC) No. 453/2010

Transport hazard class(es) (IATA)	: Not applicable
ADN	
Transport hazard class(es) (ADN)	: Not applicable
RID	
Transport hazard class(es) (RID)	: Not applicable
14.4. Packing group	
Packing group (ADR)	: Not applicable
Packing group (IMDG)	: Not applicable
Packing group (IATA)	: Not applicable
Packing group (ADN)	: Not applicable
Packing group (RID)	: Not applicable
14.5. Environmental hazards	
Dangerous for the environment	: No
Marine pollutant	: No
Other information	: No supplementary information available

#### 14.6. Special precautions for user

#### - Overland transport

No data available

# - Transport by sea

No data available

### - Air transport

No data available

### - Inland waterway transport

No data available

### - Rail transport

No data available

14.7. Transport in bulk according to Annex II of MARPOL 73/78 and the IBC Code

Not applicable

### SECTION 15: Regulatory information

15.1. Safety, health and environmental regulations/legislation specific for the substance or mixture

### 15.1.1. EU-Regulations

Contains no REACH substances with Annex XVII restrictions Contains no substance on the REACH candidate list Contains no REACH Annex XIV substances

#### 15.1.2. National regulations

giftige stoffen - Vruchtbaarheid

giftige stoffen – Ontwikkeling

### Germany

VwVwS Annex reference	: Water hazard class (WGK) 3, severe hazard to waters (Classification according to VwVwS, Annex 4)
12th Ordinance Implementing the Federal Immission Control Act - 12.BImSchV	: Is not subject of the 12. BImSchV (Hazardous Incident Ordinance)
Netherlands	
SZW-lijst van kankerverwekkende stoffen	: None of the components are listed
SZW-lijst van mutagene stoffen	: None of the components are listed
NIET-limitatieve lijst van voor de voortplanting giftige stoffen – Borstvoeding	: None of the components are listed
NIET-limitatieve lijst van voor de voortplanting	: None of the components are listed

NIET-limitatieve lijst van voor de voortplanting : None of the components are listed

## Safety Data Sheet

according to Regulation (EC) No. 1907/2006 (REACH) with its amendment Regulation (EC) No. 453/2010

#### Denmark

Classification remarks	: Emergency management guidelines for the storage of flammable liquids must be followed
Recommendations Danish Regulation	<ul> <li>Pregnant/breastfeeding women working with the product must not be in direct contact with the product</li> </ul>

#### 15.2. Chemical safety assessment

No chemical safety assessment has been carried out for the substance or the mixture by the supplier

#### **SECTION 16: Other information**

## Abbreviations and acronyms: ACGIH: American Conference of Governmental Industrial Hygienists TWA: Time Weighted Average TLV: Threshold Limit Value ASTM: American Society for Testing and Materials ADR: Accord Européen Relatif au Transport International des Marchandises Dangereuses par Route RID: Regulations Concerning the International Carriage of Dangerous Goods by Rail ADNR: Accord Européen relatif au Transport International des Marchandises Dangereuses par voie de Navigation du Rhin IMDG: International Maritime Dangerous Goods ICAO: International Civil Aviation Organization IATA: International Air Transport Association STEL: Short Term Exposure Limit LD50: median Lethal Dose for 50% of subjects ATE: acute toxicity estimate LC50: median Lethal Concentration for 50% of subjects EC50: concentration producing 50% effect
